

1	<b>CLOCK OR CLOCK CASE</b>	41	.Recording, e.g., time clock, etc.
2	.Combined (3)	42	.Parking meter
3	..With calendar	43	.Metronome
4	..With weather instrument	44	.Sandglass
5	..With lamp or with provision therefor	45	.Sundial
6	.Simulative	46	<b>MEASURING, REGULATING OR INDICATING INSTRUMENT, OR CASING (5)</b>
7	..Animate	46.1	.Scorer or indicator for game or sport
8	...Humanoid	46.2	.Food preparation type (e.g., measuring cup, spoon, etc.)
9	..Plant life	46.3	..Plural compartment or cell
10	..Map or globe	47	.Radiation, e.g., Geiger counter
11	..Building	48	.Egg testing, e.g., candling instrument
12	..Vehicle	49	.Regulator or control
13	..Ship's wheel	50	..Temperature regulator or thermostat
14	.Plural face	51	...Combined with thermometer (5)
15	.Changeable exhibitor, e.g., digital type	52	.Temperature, humidity, atmospheric condition (6)
16	.Floor type, e.g., grandfather clock, etc.	53	..Plural or combined
17	.Case front having openwork filigree or surrounding radiating elements	54	..Simulative
18	.With closure panel	55	..Barometer
19	.With handle or bail	56	..Moisture
20	.Laterally asymmetrical in front elevation	57	..Thermometer
21	.Case having geometric configuration in front elevation	58	...Expanding fluid type
22	..Substantially circular or oval	59	..Weather vane
23	...With feet, distinct base or stand	60	..Element or attachment (7)
24	..Substantially rectangular or square	61	.Geometric (8)
25	...All sides flat and plain	62	..Combined
26	..With feet, distinct base or stand	63	...Drafting machine
27	..Having flat and parallel sides	64	..Template or comparator gauge (9)
28	...With curved top	65	..Angle or direction (10)
29	...With peaked or faceted top	66	...Transit or theodolite
30	<b>WATCH, WRISTWATCH OR CASE</b>	67	...Aircraft instrument
31	.Combined	68	...Compass (11)
32	..With wristband or strap	69	...Spirit level
33	.Simulative	70	..Linear or distance (12)
34	..Animate	71	...Rule, tape or scale (13)
35	...Humanoid	72	...With casing, i.e., retractable type
36	..Plant life	73	...Micrometer, caliper or divider type
37	.Pocket type	74	..Element or attachment (7)
38	.Wrist type	75	.Electrical property
39	..With dial and/or hand	76	..Oscilloscope or oscillograph
40	<b>TIME-MEASURING INSTRUMENT OR CASING</b>	77	..Battery, vacuum tube, transistor or spark plug tester (14)

78	..Provided with handle, or hand-held	124	..Combined (22)
79	...Clamp-around type	125	..Substantially rectangular or square
80	..Element or attachment (7)	126	..Substantially circular or oval
81	.Chemical (23)	127	.Indicator hand
82	.Balancer	128	.Watch or clock element, or attachment (20)
83	.Weight, force or density	129	..Movement or movement frame
84	..Specific gravity (15)	130	...Pendulum
85	..Pressure gauge	131	..Bow, pendant, crown or stem
86	...Tire inflation type	132	..Crystal, cover or protector
87	..Scale		
88	...Combined		
89	..Vertical spring type		SEARCH NOTES FOR CLASS D10
90	...Beam or balance type		(1) Excludes "time clock". See subclass 41.
91	...Provided with load platform		(2) Excludes thermometer per se. See subclasses 57 and 58.
92	....Standing user type		(3) Excludes rain gauge. See subclass 101.
93	.....Readout at eye or waist level		(4) Excludes dial or indicator hand. See, respectively, subclasses 122+ and 127. Includes Pitot tube.
94	..Element or attachment (7)		(5) Includes plumb bob.
95	...Beam or balance		(6) Excludes eraser shield and lettering stencil. See Class D19, subclasses 37 and 40, respectively.
96	.Volume, flow or rate		(7) Includes T-square.
97	..Counter		(8) Includes element.
98	...Speedometer or tachometer		(9) Includes altimeter and odometer.
99	..Public utility meter, i.e., gas, water, etc.		(10) Includes surveying rod or target.
100	...Electric		(11) Excludes hydrometer. See subclass 84.
101	..Liquid quantity level		(12) Includes color comparator for swimming pool water and spectrum analysis device.
102	.Dial gauge or meter		(13) Excludes bell, siren, etc. See subclasses 116+. Includes smoke detector.
103	.Element or attachment (7)		(14) Excludes pyrotechnic flare. See D22-112.
104	<b>SECURITY OR SIGNAL INSTRUMENT, OR CASING</b>		(15) Subject matter in this and indented subclasses is distinguished from the subject matter in Class D26 in being exclusively for signaling purposes. For illumination lamps, or those combining both illumination and signaling functions, see Class D26. For lantern or flashlight, see D26.
105	.Lightning conductor or arrestor		(16) Includes bell. Includes wind chime.
106	.Alarm or control therefor (16)		(17) Includes whistle.
107	.Buoy		(18) Includes combination with hands.
108	.Elevator signal or call unit		(19) Includes holder or stand.
109	.Visual (17)		
110	..Fender guide for vehicle		
111	..Lamp or reflector (21)		
112	...Ignition timing light		
113	...Road surface marker		
114	...Flashing, warning or directing type		
115	....Multiple sequential lamps, e.g., "traffic light"		
116	.Aural (18)		
117	..Curb feeler for vehicle		
118	..Annunciator or door chime		
119	..Air-operated (19)		
120	...Siren or horn		
121	..Element or attachment (7)		
122	<b>DIAL, INDICATOR HAND, OR OTHER ELEMENT OR ATTACHMENT</b>		
123	.Dial or face plate
